

PCOS CLINIC

Holistic treatment. Better control

Controlling Polycystic Ovarian Syndrome (PCOS) lowers your risk of infertility, diabetes, miscarriages, heart disease and uterine cancer.

From Ovulation to Hormonal therapy, we adopt a holistic approach while treating PCOS.

At Hinduja Healthcare Surgical, Khar

Our team of consultants from Gynaecology, Endocrinology, Oncology and Physical Therapy provide a scientific approach of lifestyle change, diet, exercise and medication to treat PCOS.

Clinic Timings : Friday 10am - 1pm
