

General Instructions

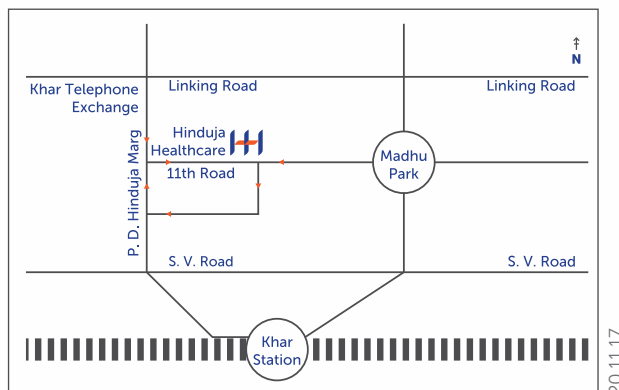

1. Before your health check-up, kindly collect the kit containing a urine & stool container from the ground floor reception of the OPD.
2. Please fast for 12-14 hours before arriving for your health check-up. We provide a healthy breakfast.
3. Carry any old medical reports, x-ray or records along with you.
4. If you are on any medication, please take them as per routine, especially if you are hypertensive. If you are diabetic, please carry your medication with you.
5. Wear comfortable footwear like sport shoes and attire (short sleeves) that aids a blood test.
6. Avoid jewelry and valuables on the day of your check-up.
7. Do not consume alcoholic beverages preferably up to 72 hours prior to your health check-up, it may cause a variance in result.
8. Male members undergoing stress tests are requested to shave their chest (collar bone to abdomen).
9. For ophthalmic consultation, kindly remove your contact lenses (if applicable) a day prior to check-up and bring your old glasses and prescription.
10. First time visitors need to register at an additional charge of Rs 250/-
11. Get sufficient rest.
12. Although HbA1c gives a three-month average control of blood glucose level, fasting and postprandial blood glucose estimation is advisable.
13. Home collection facility is available for anyone desiring the convenience of their samples getting picked up from home. Applicable rates will apply unless otherwise specified.
14. Breakfast or home collections will be applicable depending on the individual's choice.
15. An additional 10% discount is available for investigations, which are not part of the chosen Health Check Up package, if these additional tests are done on the same day.

Special Instructions for Women

- The PAP smear test and urine routine will not be carried out during your menses (Period). Please plan your health check-up to avoid these dates.
- Even if you suspect being pregnant, please inform the technician before the test, especially before an x-ray.

Please note:

- Additional tests, consultation and procedures will be billed separately as per OPD charges
- Reports will be available a day after your health check-up
- Pap smear (reports next working day by 12 noon)
- Inform us in case of any cancellation or delay so we can offer the slot to the next patient on the waiting list.
